R/GearS3: The Samsung Gear S3 Classic and Frontier Thanks for checking my post I opened up my S3 bezel for cleaning but it was the 1st time so it was a little tight.. So you have purchased your Samsung Gear S3 and you want to be able to exercise with your performance data visible on your phone, have the workout sync automatically to Strava and listen to your offline playlists in Spotify? The reasonable response to this is to download the Strava and Spotify apps onto your Gear S3 and get exercising...well...that would be wrong.. How To Enable Strava on the Samsung Gear S3Enabling Strava on your Samsung Gear S3 isn't as straight forward as it should be, and if it weren't for a developer named Stefan Thomas and his custom watch face

Go to Your Music>Your Playlists and you’ll see the option to “Download”.. This is the first must have apps for Gear S3 users The Spotify is one of the biggest music.. Sporty Watch does a number of things really well, such as show your live exercise data (Speed, Distance, Time, Pace, Heart Rate).. Note: The Samsung Gear S3 only has a small amount of space available to store the playlists (around 1gb).. Don’t just take my word for it! Google Play Music Google Play Music is compatible with almost all of your devices- Android and iOS smartphones, tablets, as well as smartwatches like the Samsung Gear S3.. My recommendation it to only download a workout specific playlist rather than your possibly very large normal playlist. b0d43de27c [Ibps Po Question Paper Pdf](#)
